Independent Auditor's Report

To the Board of Directors

Tax Increment Finance Authority of the

City of St. Clair Shores, Michigan

We have audited the accompanying basic financial statements of the Tax Increment Finance Authority of the City of St. Clair Shores, Michigan (a component unit of the City of St. Clair Shores, Michigan) as of June 30, 2004 and for the year then ended, as listed in the table of contents. These financial statements are the responsibility of the Tax Increment Finance Authority of the City of St. Clair Shores, Michigan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of the Tax Increment Finance Authority of the City of St. Clair Shores, Michigan as of June 30, 2004 and the changes in its financial position for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

The Tax Increment Finance Authority of the City of St. Clair Shores, Michigan has not presented a management's discussion and analysis, which would be an analysis of the financial performance for the year. The Governmental Accounting Standards Board has determined that the management's discussion and analysis is necessary to supplement, although is not required to be a part of, the basic financial statements.

Notes to Financial Statements June 30, 2004

Note I - Significant Accounting Policies

The Tax Increment Finance Authority of the City of St. Clair Shores, Michigan (TIFA) is organized pursuant to Michigan Public Act No. 450 of 1980. The primary purpose of the TIFA is to encourage economic activity in the City of St. Clair Shores, Michigan (the "City"). This purpose is accomplished by the TIFA collecting captured property taxes in accordance with State law and budgeting expenditures for improvements in the TIFA district boundaries. The TIFA's governing body, consisting of 12 individuals, is appointed by the City Council.

The TIFA's basic financial statements present combined governmental fund modified accrual financial statements and government-wide full accrual financial statements. As of and for the year ended June 30, 2004, adjustments were made to the amounts in the governmental fund for long-term debt and related accrued interest in order to arrive at the government-wide full accrual financial statements. The TIFA has elected not to present a management's discussion and analysis.

The TIFA is a component unit of the City of St. Clair Shores, Michigan and is included in the basic financial statements of the City at June 30, 2004 as a discretely presented component unit.

Basis of Accounting

The accounting policies of the TIFA conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. There are no component units required to be included in these financial statements.

Notes to Financial Statements June 30, 2004

Note I - Significant Accounting Policies (Continued)

The following is a summary of the significant accounting policies:

The government-wide full accrual financial statements (the statement of net assets and the statement of activities) are reported using the economic resources measurement focus and the accrual basis of accounting. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. For the purpose of the government-wide financial statements, the TIFA reports a liability for the outstanding 1997 Tax Increment Bonds which will be repaid through captured property taxes in future periods. A significant portion of the TIFA's activities in previous years related to investments in infrastructure that are the property of and are reported as an asset in the basic financial statements of the City of St. Clair Shores, Michigan rather than in the TIFA's financial statements.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized in the accounting period in which they become susceptible to accrual - that is, when they become both measurable and available. Revenue is considered to be available if it is collected within the current period or soon enough thereafter to pay liabilities of the current period, generally collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

Note 2 - Budget Information

The annual budget is prepared and adopted by the TIFA Board. Unexpended appropriations lapse at year end; encumbrances are not included as expenditures. The amount of encumbrances outstanding at June 30, 2004 has not been calculated. During the year, the budget was amended in a legally permissible manner. The budget has been prepared in accordance with accounting principles generally accepted in the United States of America.

The budget has been adopted on a total expenditure basis; expenditures at this level in excess of amounts budgeted are a violation of Michigan law. A comparison of actual results of operations to the budget as adopted by the TIFA Board is included in the basic financial statements. This statement is presented on a line-item basis for informational purposes.

Notes to Financial Statements June 30, 2004

Note 3 - Cash and Cash Equivalents

The TIFA's cash and cash equivalents are classified by Governmental Accounting Standards Board Statement No. 3 in the following categories:

Bank deposits	\$ 1,743
Investments - Bank investment pools	 640,836
Total	\$ 642,579

Deposits

The above deposits were reflected in the accounts of the bank (without recognition of checks written but not yet cleared or of deposits in transit) at \$1,368, all of which was covered by federal depository insurance.

<u>Investments</u>

The TIFA is authorized by Michigan Public Act 20 of 1943 (as amended) to invest surplus monies in U.S. bonds and notes, certain commercial paper, U.S. government repurchase agreements, bankers' acceptances and mutual funds, and investment pools that are composed of authorized investment vehicles. The TIFA's investments during the year consist solely of bank investment pools. Investments are normally categorized to give an indication of the level of risk assumed by the TIFA; however, bank investment pools are not categorized because they are not evidenced by securities that exist in physical or book entry form. The bank investment pools are regulated by the Michigan Banking Act, and the fair value of the position in the pool is the same as the value of the pool shares.

Note 4 - Long-term Debt

Long-term debt consists of the 1997 Tax Increment Bonds with interest rates ranging from 4.50 percent to 5.25 percent and maturing through 2012.

The following is a summary of long-term debt transactions for the year ended June 30, 2004:

Balance - July 1, 2003	\$ 2,800,000
Debt retired	 (205,000)
Balance - June 30, 2004	\$ 2,595,000

Notes to Financial Statements June 30, 2004

Note 4 - Long-term Debt (Continued)

The annual requirements to service the outstanding debt are as follows:

	 Principal		Interest		Total
2005	\$ 230,000	\$	124,073	\$	354,073
